

CORE SKILLS

- CAD Drafting (utilize AutoCad, Visio, Compass)
- Technical proficiency: stay updated on the latest CAD software tools
- Food Chemistry
- Engineering science
- Technology solutions
- Quality control
- Research and analysis
- Disciplined with high attention to detail
- Web: HTML, CSS, SCSS, JavaScript, TypeScript, Webpack, Git

LANGUAGE

- English ESOL Entry Level 3
- Ukrainian – fluent
- Russian – fluent
- Slovak - elementary

PERSONAL QUALITIES:

- punctual
- organized
- hardworking

INTERESTS

- playing the piano
- snowboarding
- playing checkers
- hiking in the mountains

VIKTORIIA SHEVERIA

FRONT-END DEVELOPER

PERSONAL PROFILE

I am a focused and ambitious developer. I am looking for an opportunity to demonstrate my strong work ethic, logical problems problem-solving and communication skills. I have some experience in chemical engineering, and private enterprise.

PROJECTS

More recently I have decided to further develop my skills and try my hand at programming, choosing to focus my studies on Front-end and the programming language – Java Script.

During this period I worked on many projects. I have included a small selection of them and if you wish to learn more visit my portfolio.
